

## REVISED - May Class Schedule

**Prices:** Regular prices for classes are \$12 for Members and Non-Members. However, if you are a member, you may pay for the month in advance for \$10 per week.

Discount prices for advance payments include all lessons scheduled for the month. But, if you know that you will not be available for all classes that month, you only pay for the ones you plan to attend. Example \$30 for 3 classes – in advance.

It is important to start as early in the month as possible to get the full benefit. These classes are progressive, meaning that each lesson is repeated the following week with another bit added. By the end of the month, the information is firmly planted in your feet!
