### Dancing With Desire

We all do it. Once you become hooked, you're hooked! First, we emulate that dancer who put you in a state of awe. Then, you take lesson and just desire to move your feet in the correct direction. I desire to move smoothly and gracefully, and only then do you desire to your new achievement. Soon, the desire to dance becomes a passion, a thirst that cannot be quenched.

Now that we agree on how we grow to dance with desire, let me introduce to an event entitled Dancing With Desire. For some, the desire burns that they bury their heads and feet in study to master every element of movement of the leader and follower. Only after this kind of dedication they call themselves your instructors. These dance instructors not only living for themselves and their families, but also express the love of profession in the community.

The paragraph above describes your professional dance teachers in the Daytona area! They dance with desire and most recently many of the principles in a major charity event entitled "Dancing With Desire!" I need students who also have the desire to dance and to serve the community which we live, and in this event we have nine of these charity minded of dance. One more essential ingredient is that special entity who coordinate and sponsor the event. In this event, Absolutely Ballroom the lead.
