May 14, 2016 Second Saturday Dance

Based on information received from The Dance Place:

Due to the storm the week of April 18th, The Dance Place has once again experienced the flooding. Upon inspection, water was found to accumulate under the floor. Due to safety reasons and precaution, The Dance Place has decided to re-do the floor for most of the rooms.

The Dance Place will therefore be temporary closed until further notice.

The USA Dance Houston Chapter is investigating alternate locations for the May 14th Second Saturday Dance and will post the location on this web site and send an email blast with the location.
