

Pearl Marzoni

I received an email from Stella Howard that Pearl Marzoni passed away today, Wednesday, February 7, 2018; and I also received a message from [Stephen Sabludowsky](#) with a link to a tribute page for Pearl which has links to two video with Pearl dancing exhibitions with Stephan Howard. Directly below are links to a December 19, 2014 NOLA.com story on Pearl turning 90, Steve's tribute and, right below those, the text from Stella's email. I share the same thoughts that Pearl was a very special persons. Please share this with anyone who may have had the pleasure of knowing Pearl.

Stella Howard email:

Dear fellow dancers,

Those of you who remember Pearl Marzoni know what a wonderful person and dancer she was. She passed Wednesday, February 7, 2018. She was a beloved student of Stephan Howard.. Pearl (81 then) was Stephan's first student, he was 21years old. Pearl and Stephan danced and tapped and laughed together for 10 years. Together they danced many exhibitions showing off Pearls dance talent. She was a great asset to our studio and was inspirational to us all. Pearl made many long term friends at Starlight Ballroom. She will be missed by ALL OF US. We love you Pearl! May you rest in PEACE! Starlight Ballroom staff and students.
