West Coast Swing is the ultimate dancer's dance. You can use skills learned from virtually all other forms of dance. A lead/follow dance requires a good connection between leader and follower. West Coast Swing is constantly evolving and changing which makes it so much fun. Mastering the musicality and getting comfortable with adding your own freestyle moves makes learning this dance the ultimate challenge.

We were very fortunate to have Ashley Byrd, President of the Tri-Cities Chapter 6060, teach the first of two West Coast classes at the June dance. Ashley will be teaching a second West Coast lesson on July 14, 2108. This little lady knows her stuff! She also heads up the West Side of Swing in Richmond, and teaches West Coast Swing at Off and Dancing in Ashland. Ashley is a fabulous and comical instructor, she will keep you laughing and dancing all night! She truly strives to help her students learn and have a great dance experience. We cannot wait to see what she has in store for us on July 14, 2018.

We would also like to send a big thank you shout out to Doug McRae for his fantastic selection of music on June 8, 2018. Not only is Doug a great DJ, but he is also a fantastic dancer. It is always a privilege to get to dance with him at a Chapter dance.

If you are not yet addicted to West Coast Swing, please join us on July 14, 2018 for Ashley Byrd's second consecutive West Coast lesson. We promise you will catch the West Coast dance fever!

**** Notice ** The Times - They Are A-Changin'**

Starting September 2018 - our dance times are changing. The dance lesson will be from 7:00-7:45pm, followed by open dance from 7:45 – 10:00pm. We will continue to have our dances on the second Saturday of every month at Wesley United Methodist Church; only the start and end times are changing.

We hope to see all of you on the dance floor at our next dance on July 14!
